**APWA recognizes outstanding public works projects across North America**

**Kansas City, Mo.**—From historic building restoration and trail improvement to multi-million dollar roads, bridges and dams, each year the American Public Works Association (APWA) presents Projects of the Year awards to recognize management and administration excellence of public works projects. The awards highlight alliances between managing agencies, contractors, consultants and their cooperative achievements.

Awards will be presented at the 2006 APWA International Public Works Congress and Exposition held in September in Kansas City, Mo. Detailed information about each project, including agency and company contact information, is available upon request.
